### In Case of Errors or Questions about Your Transactions

Email or write us at the address below as soon as you can if you think your statement or receipt is wrong or if you need more information about the transaction listed on your statement or receipt. We must hear from you no later than 60 days after the first statement on which the problem or error appeared was sent to you.

1. Tell us your name and account number.
2. Describe the error or the transaction you are unsure about and explain as clearly as you can why you believe it is in error or why you need more information.
3. Tell us the dollar amount of the suspected error.

We will tell you the results of our investigation within ten (10) business days after we hear from you, and we will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will provisionally credit your account within ten (10) business days for the amount you think is in error so that you will have the use of the money during the time it takes to complete our investigation. For accounts that were opened within the past 30 days (new members only), we may take up to 20 business days to investigate errors related to any EFT transaction, including foreign-initiated transactions. If we need more time, however, we may take up to 90 days to investigate your complaint or questions. If we decide to do this, we will credit your account so that you will have use of the money during the time it takes us to complete our investigation.

If we determine that there was no error, we will send you a written explanation within three (3) business days after we finish our investigation. If we have provisionally credited your account during the investigation and determine that there was no error, we will notify you of the date on which we will debit your account and the amount to be debited. You should make certain that your account contains sufficient funds to cover this debit.
