Baltimore County Employees
Federal Credit Union
2017 Annual Report

Federally Insured By NCUA
Equal Housing Lender
Dear Fellow Members,

As by now you are aware, the almost decade long period of ultra-low interest rates may finally be coming to a close. As a result of increases in the US Gross Domestic Product and Real Personal Consumption, as well as leveled unemployment and inflation, the Federal Reserve Bank has continued to increase the "Federal Funds Rate." Likewise, US Treasury rates and the “Prime Rate” all moved higher in 2017. Additionally, the year came to a close with congressional passage of a tax reform bill which includes significant reductions in the corporate tax rate. The positive economic news and tax reform bill helped send the stock markets to record highs. For instance, the S&P 500 closed up over 20% for the year and had gains in every month of the year to send price-to-earnings ratios to record levels.

Like most consumers, our members seemed to be heartened by the favorable economic news. Loan demand remained strong throughout the year with total originations surpassing $67 million. Leading the charge was automobile lending with total originations exceeding $38 million. As the price of automobiles continues to escalate, our attractive interest rates and a variety of payment protection options provide excellent affordability and value. First and second mortgage loan originations exceeded $18 million for the year. We offer a wide array of loan terms and payment options to fit almost any budget. Our noncommissioned, full service mortgage counselors are readily accessible to guide you through the origination process. The Credit Union also offers unsecured loans for all your personal needs. Unsecured, personal loan originations totaled a record $11 million in 2017.

The success of our various loan programs is only made possible as a result of the $344 million in total member deposits, including $150 million in savings accounts, $63 million in money market accounts and $85 million in certificate of deposit accounts. Additionally, more than 12,000 members enjoy a checking account that comes with no minimum balance requirement, overdraft protection and access to 55,000 surcharge-free ATMs. More than 11,000 members used our internet banking service and 4,000 members used our mobile banking program to process over $20 million in electronic bill payments.

Both our Visa credit and debit programs provide exceptional value and convenience. During 2017, our members’ total Visa credit and debit sales increased to $105 million and earned more than $1.2 million in interchange revenue. Interchange revenue is continually reinvested in the card programs to provide added convenience and security. New this year, members can enroll their credit and debit cards in the Visa Alert system and receive notifications when their card is used for large dollar amount, international, internet or telephone purchases. Also new this year, our debit card program was improved with the offering of an emergency replacement card at any of our three locations and EMV enabled “chip” cards for added purchase protection.

The results highlighted in this report are made possible through the hard work of our wonderfully talented volunteers and staff. On July 5, 2017, we wished a very happy retirement to Gloria Zorn who served as Branch Manager of our Perry Hall location since it opened in 2003. Gloria will be fondly remembered for over 27 years of dedicated service and wise counsel to our members.

Whether you are looking for a safe and secure place to save or to borrow funds for a new home, home improvements or an automobile, we are honored to meet your financial needs. We thank you for your continued support and invite your family members and colleagues to experience the Credit Union difference.

Bruce F. Keller
Board Chair

David P. Hagar
President

April 10, 2018
The annual audit of the accounts and financial records of the Baltimore County Employees Federal Credit Union as of December 31, 2017, was conducted by the firm of Rowles & Company, LLP, Certified Public Accountants. The year-end financial statements, as of December 31, 2017, were also audited by Rowles & Company, LLP.

In addition, the records of the Credit Union were evaluated for compliance with regulations and laws by the Federal examiners employed by the NCUA (National Credit Union Administration).

A Supervisory Committee meets monthly to test and verify various financial records of the Credit Union. The Committee is proud to report that all records and accounts are kept in a satisfactory manner by the personnel at the Credit Union.

The Supervisory Committee also serves as a membership representative. If members have an unresolved financial matter with the Credit Union, they are encouraged to contact the Committee confidentially by writing to:

Supervisory Committee
Baltimore County Employees Federal Credit Union
P.O. Box 6785
Towson, Maryland 21285-6785

The accompanying summary financial statements, which comprise the summary balance sheets as of December 31, 2017 and 2016, the summary statements of income, summary statements of changes in members’ equity, and summary statements of cash flow for the years then ended, are derived from the audited financial statements of Baltimore County Employees Federal Credit Union as of and for the years ended December 31, 2017 and 2016. We expressed an unmodified audit opinion on those audited financial statements in our report dated March 9, 2018.

The summary financial statements do not contain the statements of comprehensive income and all the disclosures required by accounting principles generally accepted in the United States of America. Reading the summary financial statements, therefore, is not a substitute for reading the audited financial statements of Baltimore County Employees Federal Credit Union.

Management’s Responsibility for the Summary Financial Statements
Management is responsible for the preparation of the summary financial statements on the basis described in Note 1 of Baltimore County Employees Federal Credit Union’s audited financial statements.

Auditor’s Responsibility
Our responsibility is to express an opinion about whether the summary financial statements are consistent, in all material respects, with the audited financial statements based on our procedures, which were conducted in accordance with auditing standards generally accepted in the United States of America. The procedures consisted principally of comparing the summary financial statements with the related information in the audited financial statements from which the summary financial statements have been derived, and evaluating whether the summary financial statements are prepared in accordance with the basis described in Note 1. We did not perform any audit procedures regarding the audited financial statements after the date of our report on those financial statements.

Opinion
In our opinion, the summary financial statements of Baltimore County Employees Federal Credit Union as of and for the years ended December 31, 2017 and 2016, referred to above are consistent, in all material respects, with the audited financial statements from which they have been derived, on the basis described in Note 1 of the audited financial statements.
These summary financial statements do not constitute a complete presentation. The complete set of audited financial statements, including the statements of comprehensive income and the notes to the financial statements, are available at the Credit Union office during normal hours of operation.
